The purpose of this project or actuarial review is for an independent actuary, other than the actuary who performed the KPERS actuarial valuations, to provide an evaluation in order to express an opinion regarding the reasonableness and accuracy of the actuarial assumptions, actuarial cost methods, valuation results, statutory contribution rates, and triennial experience investigation and analysis.

Kansas Highway Patrol

Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 10 a.m. Tuesday, November 21, in the conference room of the Kansas Highway Patrol General Headquarters Building, 122 S.W. 7th, Topeka, to consider the revocation of existing rules and regulations of the Kansas Highway Patrol regarding mo-

tor vehicle inspections.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the revocation of regulations regarding motor vehicle inspections, a vehicle safety inspection program that was abolished by the 1984 Legislature. All interested parties may submit written comments prior to the hearing to Colonel Lonnie R. McCollum, c/o Captain Bob Giffin, 122 S.W. 7th, Topeka, 66603. All interested parties will be given a reasonable opportunity to present their views orally on the revocation of these regulations during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request each participant to limit any oral presentation to five minutes. Copies of the regulations and their economic impact statements may be obtained from the Kansas Highway Patrol, (913) 296-6800.

These regulations are being revoked on a permanent basis. A summary of the regulations and their economic

impact follows.

K.A.R. 37-1-1 through 37-1-12. These regulations were adopted pursuant to K.S.A. 8-1752 for the purpose of administrating the "Motor Vehicle Inspection" program. Created in 1974, the program provided for the inspection of certain motor vehicle equipment to ensure such equipment was safe and operational.

Statutes creating the program and authorizing these regulations, K.S.A. 8-1752 et seq., were repealed by the 1984 Legislature. Therefore, revocation of these regula-

tions is desirable because they are obsolete.

No cost is involved in the revocation of these regulations. Consequently, there is no economic impact or effect on the Kansas Highway Patrol (the agency proposing revocation of the regulations), any other governmental agency or unit, private citizen or consumer.

State Departments; Public Officers and Employees— State Historical Society; Unmarked Burial Sites Preservation Board—Definition of "Unmarked Burial Site." Dr. Ramon Powers, Executive Director, Kansas State Historical Society, Topeka, August 30, 1995.

Burial sites in cemeteries otherwise protected by Kansas statutes are not within the definition of the term "unmarked burial site" as used in the unmarked burial sites preservation act, K.S.A. 75-2741 et seg. A cemetery is a parcel of land that has been set apart for the burial of the dead. Once established, a cemetery retains its character as such even after burials have been discontinued, as long as human remains are interred there. Burial sites in abandoned cemeteries are protected by other Kansas statutes and are therefore excluded from the definition of "unmarked burial site" as a matter of law. Whether a particular burial site is located in a cemetery or is an unmarked burial site is a question of fact, the determination of which rests in the first instance with the Unmarked Burial Sites Preservation Board. Any penalty assessed on escaped personal property discovered and placed on the tax rolls prior to July 1, 1995, should be collected under K.S.A. 1994 Supp. 79-1427a at the rate of 100 percent per calendar year within the four-year statute of limitations. Any penalty assessed on escaped personal property discovered after July 1, 1995, should be assessed at the rate of 50 percent per calendar year for each year during which property was underreported or escaped within the two-year statute of limitations set out by 1995 House Bill No. 2113, Section 1(c). Cities and Municipalities—Additions, Vacation and Lot Frontage; Annexation by Cities—Conditions Which Permit Annexation; Agricultural Use Exception. Michelle M. Suter, DeSoto City Attorney, Kansas City, Missouri, August 30, 1995.

A city may not annex any portion of an unplatted tract of land devoted to agricultural use of 21 acres or more without the owner's consent even though the land has a common perimeter with the city boundary line of more than 50 percent. Furthermore, K.S.A. 12-519(f), which defines "land devoted to agricultural use," does not require that the goods produced on the land be for commercial sale. Counties and County Officers—General Provisions—Residency Requirements for County Officials Elections; Filling Vacancies in Offices and Candidacies; Residency Requirements. Representative Laura McClure, 119th District, Osborne, September 5, 1995.

Residency requirements for county officials differ depending on the office in question and whether the official is elected or appointed to fill a vacancy and serve an unexpired term of office. A county commissioner must reside within the required district in order to be elected and remain in the position representing that district. There is no statutory requirement that a candidate for or an elected county treasurer, county clerk or register of deeds reside or remain within the county; however, appointments to fill unexpired terms in such offices must be made from among the county electorate. Persons elected or appointed to serve as a county attorney are not required to be county residents. Further, persons hired as county auditor, controller, purchasing agent, appraiser, surveyor or engineer are not statutorily required to be county residents. The Kansas Bureau of Investigation may not release information in the juvenile offender information system except as specifically authorized by K.S.A. 38-1618(e), which generally prohibits the disclosure of such information in a manner that enables the identification of the juvenile. or disseminated to other law enforcement agencies, crime laboratories that serve them, or other third parties the KBI deems necessary to assist the KBI with the statistical analysis of the KBI's population database. This database may also be searched by other agencies participating in the CODIS system. This would require the KBI to update its hardware and software systems to remain compatible with CODIS; however, the KBI estimates that there is no significant economic impact to state agencies, employees or the general public.

10-21-4. Expungement. Any person whose DNA record or profile has been included in the DNA database and whose DNA sample is stored in the databank may apply for expungement on particular grounds. Those grounds are reversal of a felony conviction or acquittal on retrial. Application for expungement may be made individually or through an attorney and shall be in a format approved by the KBI. There is no significant economic impact to state agencies, employees or the general public.

10-21-5. Maintenance. All genetic marker grouping analysis information maintained at the KBI shall be treated as confidential. A defendant's rights to access DNA testing will be governed by the existing rules of discovery of scientific evidence in criminal cases. All genetic marker grouping analysis information obtained by the KBI shall be maintained, preserved and securely stored at the KBI for an indefinite period of time, and not less than 10 years. There is no significant economic impact to state agencies, employees or the general public.

10-21-6. Collection of samples for DNA databank procedures. The collection, labeling, storage, handling, preservation, and shipment of blood and saliva samples obtained from convicted felons pursuant to K.S.A. 21-2511 and amendments thereto for the DNA databank shall be in conformance with the "DNA collection kit" directions as prepared by the KBI and last revised in June 1995. Copies of the applicable protocol may be obtained from the KBI's DNA laboratory. The estimated additional cost to the KBI for production and distribution of 500 DNA collection kits is \$2,500. The estimated cost associated with profiling 500 samples is \$20,000. The KBI also estimates the employment of one or two individuals to meet the responsibilities of processing and profiling samples. There also will be additional costs to the Department of Corrections, which is responsible for recording and coordinating the drawing of blood samples at its facilities.

Copies of the regulations and their economic impact statements may be obtained by contacting the KBI.

Any individual with a disability may request accommodations in order to participate in the public hearing and may request the proposed regulations and the economic impact statements in an accessible format.
